EIGHTEENTH YEAR — GETTYSBURG, PA., TUESDA Y, MARCH 2nd, 1920. — PRICE TWO CENTS

WATER COMPANY MAKES BIG RAISE

Citizens Given Jolt When Water And Telephone Rate Boost is Announced.

BOTH EFFECTIVE APRIL 1

Water Increase Ranges From 16 to 300 Per Cent. Telephone Rates Jump Not More Than 25 Per Cent.

No Gettysburg citizen escaped the jolt that was given the town Monday when the Gettysburg Water company and the Cumberland Valley Telephone company announced a general increase in their rates effective April 1, 1920. These increases were the main subject of conversation among the residents who were having visions of a downward slant to the high cost of living. It was the consensus of opinion that some one had taken the joy out of life.

One well known citizen remarked upon hearing the announcement: "They took beer and wine away from us and now they've raised the price of water." He apparently voiced the sentiments of a large number who have been complaining since July 1.

The Water company in their announcement to the consumers says they have filed a new tariff with the State Public Service Commission cancelling the previous tariff, "changing some of the rules and regulations and making some increases." The Water company increases range from 16 per cent to over 300 per cent.

Among the changes in the rules as announced are as follows:

The misrepresentation as to the use or waste of water entitles the company to discontinue the service until the misrepresentation is corrected or the waste stopped and the proper adjustment of charges made.

The company may require from any meter owner a deposit of not less than $10 or more than twice the estimated periodical payment before the water will be furnished. Six per cent per year will be allowed on such deposits.

It is provided that the meter and incidental facilities remain the property of the company.

A charge of one dollar is made in

(Continued on Fifth Page.)

IN LIKE A LION

Local Weather Prophets Cannot Decide What March 1 Forecasts.

Whether March came in like a lamb or a lion has not been unanimously decided by local citizens who claim to be expert weather prophets. Just what kind of skies will prevail on March 31 is a question still open for debate. The truth of the matter is that Monday was neither lamb-like nor was it exactly ferocious, but with the mercury down to twenty degrees, which is below normal, it is contended by some that March came in like a lion and that the spring zephyrs are likely to start blowing almost any time.

THEATRES FOR SALE

Famous London Playhouses Under the Hammer.

(By Associated Press)

London, March 2—Several famous London theatres, including the Drury Lane and the Strand were among those offered for sale at auction the other day when the famous Convent Garden estate went under the hammer, but none were sold. For Drury Lane £134,000 was offered, for the Strand £77,000, for the Aldwych £65,000 and for the Waldorf Hotel £149,000, but none of these bids exceeded the reserve at which they were held. Americans were among the bidders. The estate was purchased from the Duke of Bedford by a company in 1918.

THREE IN FAMILY DIE IN TEN DAYS

Influenza Takes Heavy Toll in Dahlhamer Family, Franklin Township.

HOLD A DOUBLE FUNERAL

Father And Daughter Contracted Disease Whi'e Helping Luther Williams During His Illness.

Joseph R. Dahlhamer, died Saturday morning at 6:15 o'clock at his home in Franklin township, from influenza and pneumonia, aged 61 years, and 19 days.

This is the third death in the family within the past ten days. The first death was that of the son-in-law, Luther Williams, who died at his home in Dillsburg, on Saturday, February 21, of influenza and pneumonia. It was during the illness of Mr. Williams that Mr. Dahlhamer and his daughter, Miss Hattie C. Dahlhamer, went to the assistance of the family and helped with the work on the large farm of Mr. Williams, and after his death, and on their return home contracted the influenza, the daughter taking sick on last Saturday, and Mr. Dahlhamer on Monday. Death claimed Mr. Dahlhamer on Saturday morning and the daughter passed away on Sunday afternoon.

Mr. Dahlhamer was a very prosperous farmer of Franklin township, and lived practically his entire life near Dillsburg. He was active in all interests for the community and served as auditor in Franklin township for a number of years.

He was a member of the Franklin Lutheran church, and always took an active part in church work.

He leaves his wife and one son, Charles Dahlhamer, Dillsburg; and three daughters, Mrs. Lottie Williams, Dillsburg; Mrs. Lawrence Weber, Mechanicsburg; Mrs. Charles Brougher, Harrisburg; also five grandchildren, and one brother, Samuel Dahlhamer, of Latimore township; one sister, Mrs. John

WILL BID ON CONTRACT

Bennetts Here to Figure on Emmitsburg Road.

Harry and Edward Bennett, of the firm of M. Bennett and Sons, were in Gettysurg Monday on their way to Harrisburg for the opening of bids by the State Highway Department on Wednesday. They expect to bid on the contract for paving the Emmitsburg road from the battlefield to the Maryland line. The Bennett firm has less than a mile to build on their job on the Harrisburg road in Straban township.

MEASLE EPIDEMIC

Many Houses in Town Quarantined For This Disease.

Health Officer David M. Crist quarantined six houses in Gettysburg Monday for measles and posted the measle placard. There are more than thirty cases of measles in town at the present time. The epidemic, however, is not only a local one as practically no town in the State has escaped according to a recent announcement by Health Commissioner Edward Martin.

MEHRING—GEISELMAN

Ceremony Performed in Baltimore on Saturday.

Walter T. Mehring, son of Mr. and Mrs. T. Marshall Mehring, of Gettysburg, and Miss Roxie E. Geiselman, daughter of Mrs. Michael Geiselman, of Hanover, were married in Baltimore on Saturday, by Rev. James W. Wallace.

GIVE EMPLOYES TRAINING COURSE

Eagle Silk Company Will Send Twelve to Mechanicsburg Factory.

WORK WILL SOON BEGIN

Firm Will Show Moving Picture of Silk Industry at Lincoln Way Theater Next Tuesday.

That the Eagle Silk company plant on Buford street will be ready for operation shortly after the fifteenth of March was the announcement made today by officials of the company in telephonic communication with George Fissel, secretary of the Chamber of Commerce. Three officials of the firm will arrive in Gettysburg Wednesday night to inspect the plant which is nearing completion and make arrangements for the formal opening.

So that some trained employes will be on hand here to start work when the factory begins operations, twelve local applicants for positions will be selected to go to the Mechanicsburg plant for a two weeks course of study and training. These applicants will be selected by the officials on Thursday. The employes chosen for this special course will be paid $10 a week and expenses while in Mechanicsburg. Ten dollars a week for the two day shifts and fifteen dollars a week for the night shift is the new wage the company has fixed for beginners at the local plants.

The company officials expressed the desire that the people of Gettysburg inspect their plant and that they would welcome suggestions for improvements of any kind that would help the community. It is their intention to so construct the buildings and grounds that it will be an asset to the town not only as an industry but as a beautiful building.

Next Tuesday afternoon and evening the Eagle Silk company will show their moving picture tracing the silk industry from the cocoon to the silk as the finished product in the Lincoln Way theatre. No charge will be made and the public have been invited to attend. The films not only show each step in the silk industry but picture the many patent devices that are used in the Shamokin plant for the comfort of their employes. In this factory which is said to be one of the most modern plants of its kind in the country special patent devices are in use that have been put in operation by only a few other manufacturing concerns.

LARGEST DREADNOUGHT

Maryland Has Displacement of 32,000 Tons.

(By Associated Press)

Newport News, Va., March 2—The super-dreadnought Maryland will be launched March 20. She is the largest yet constructed for the Navy, being 600 feet long, 97 feet broad and having a displacement of 32,000 tons. Her main battery will be composed of eight 16 inch rifles, the heaviest guns used by any navy craft.

The Maryland will be the first of a class of four similar ships followed by six 43,000 ton ships to carry twelve 16 inch guns and with higher speed.

SIGN BEER BILL

Governor Edwards Makes 3.5 Beer Legal in New Jersey.

(By Associated Press)

Trenton, March 2—Governor Edwards today signed a bill that permits the manufacture and sale after peace with Germany is proclaimed of liquor containing 3.5 per cent of alcohol by volume. The passage of bill was completed in the legislature yesterday.

LAST STUDENTS LEAVE WEDNESDAY

Force of Men Giving Dormitories Thorough Cleaning Before College is Re-Opened.

Forty students who live in Cottage Hall on the campus left town today, the ten-day observation quarantine for scarlet fever having expired. Students residing in Pennsylvania Hall will be permitted to leave Wednesday providing no more new cases are discovered before that time.

Work has already been started by the college authorities on a thorough disinfecting cleaning out process in McKnight Hall and Stevens which were vacated last week. A force of men are busy with vacuum cleaners and disinfectants. It is the intention of the authorities to destroy the last trace of scarlet fever epidemic, oil the floors and allow each building to air for three or four days before the students are permitted to return. It will probably be ten days or two weeks before the buildings will be ready for the students to return to them.

Dr. J. Bruce McCreary, district health inspector, arrived in Gettysburg Monday afternoon and is inspecting the work that is being done in the college buildings. A number of college students who were unable to go to their homes are assisting in the cleaning out process.

BUILDERS MUST SUBMIT PLANS

State Bureau Tells Contractors About Fire And Panic Act of 1909.

Gettysburg builders and contractors and all others throughout the State have been warned to submit plans and specifications of new buildings and structures undergoing to the Bureau of Inspection of the Department of Labor and Industry for approval.

Under the fire and panic act of 1909, with the amendments of 1917 and 1919, builders share the responsibility with architects in the construction of buildings and many flagrant violations of the law have come to the attention of the inspection bureau.

In January 140 sets of plans were submitted and 72 were approved and the others refused because they did not provide safeguards for the protection of the occupants of buildings. Many building owners have been required to stand heavy expenses to change their buildings to meet with the law's requirements because plans were not approved prior to beginning operations.

The inspection bureau finds that many former hotels are being turned into apartment houses and that hundreds of dwellings are being converted into apartments to meet the housing demands.

SINGING CHAPLAIN TO SPEAK

Rev. Ross H. Stover Will Lecture at Seminary This Evening.

Rev. Ross H. Stover, pastor of the Messiah Lutheran church, of Philadelphia, will address the faculty and students of the Theological Seminary this evening at 6.30 o'clock in the Seminary Chapel. The public has been invited.

Rev. Mr. Stover was an evangelist in army camps during the war and is a singer as well as preacher. He was known in the service as the "singing chaplain." Upon his return to Philadelphia he is going to take the Senior class at Seminary with him as the guests of the Messiah Lutheran church. They wil study Rescue mission work. From there the class will go to Baltimore where they will visit the Deaconess Home and later will spend a week in Washington as the guests of the Memorial Lutheran church. In Washington they will study the Gospel Mission.

LEGION TALKS OF FUTURE PLANS

Minstrel Show And The Furnishing of New Rooms Discussed by Members.

ATTENDANCE WAS GOOD

Ralph Strevig Elected Chaplain. Finance Officer Reports 134 Members in Good Standing.

Plans for the American Legion-Odd Fellows Minstrel Show and the furnishing of the rooms that have been given to the organization in the Stallsmith building were the main subjects to come before the regular monthly meeting of the American Legion Monday evening in the Elk's rooms. Fifty members were present.

That the minstrel show which will be given in the Lincoln Way theater April 5 and 6 is to be one of the most stupendous productions presented by home talent in Gettysburg for a number of years was made known in the report of the various heads of committees who have the production in charge.

The show is not to be an ordinary minstrel, for a number of acts have already been promised that have never been seen on any stage. Soldiers, sailors and marines of the Legion are getting together an act that will be a decided novelty and the Odd Fellow comedians have an array of laugh producing features that heretofore have not been equaled.

During the reports of committees it was said $50 had been cleared on the recent Legion dance. The social committee reported that they had cancelled the Hanover American Legion Show and that the company which was to have produced "Katchy Koo" here late in April would not be able to do so. It was decided to cancel the contract signed for this production.

Post Finance Officer, Harry Troxell, Jr., reported one hundred and thirty four members paid in full and that there was a balance of $269 in the treasury. Ralph Strevig was elected chaplain of the post to succeed C. G. Webner who has left town.

Register and Recorder Smiley announced that he would be glad to record all discharges of ex-service men free of charge and explained the value of having an official record of these papers in case they were lost.

Owing to the fact that the minstrel show comes on the night for the April meeting of the Legion it was decided to meet the last Monday in March, the 29th, instead. At this time final arrangements will be made for the show and a committee appointed to make a canvass of the town to secure furniture and pictures for the new American Legion rooms.

BACK AFTER 17 YEARS

County Native On First Trip East For Long Time.

Harry Gotwalt, of Muskogee, Oklahoma, is circulating among relatives and friends in Hanover and Adams county. Mr. Gotwalt is a son of the late John Gotwalt, and was born and reared in Union township, Adams county. About 17 years ago he left for the West from Gettysburg, where he then resided. This is his first trip East since that time.

Mr. Gotwalt was a member of the Rainbow Division and served 29 months in the artillery. He bears several wounds, one visibly on his right arm and another on his left leg, received while in service overseas. He will remain here but a short time and then leave for home, where he has a family of three daughters. His wife died several years ago.

NEW RECORD IN FRUIT GROWING

Estimated at That Nearly 1,000 Carloads Was Shipped Last Year.

A TREMENDOUS BUSINESS

Five Hundred Carloads of Green Apples And Peaches Alone And Fifty Two Carloads of Cider.

That nearly a thousand carloads of fruit was shipped by the growers in Adams county last year is the startling fact that is revealed by figures compiled by C. H. Morgan, district freight agent of the Reading railroad in Harrisburg. Enough fruit, consisting of green apples and peaches, canned apples and peaches, canned vegetables, jelly, cider, pears and evaporated apples, besides the great amount shipped by express, was placed on the cars at stations along the Philadelphia and Reading to make two hundred train loads of fifty cars each.

While everyone realizes that Adams county is one of the well known fruit growing districts in the United States few have ever stopped to estimate the proportions to which this business has grown in the last few years.

Last year the Adams county fruit district, as it is commonly known, shipped 439½ cars or 12,915,685 pounds of green apples and 60 cars or 1,121,400 pounds of green peaches. The canned apples shipped amounted to 227 cars or reduced to pounds to 10,235,405, while the canned peaches aggregated 13,090 pounds and canned vegetables 154,430. This is pretty good business for a district that was not much in the freight making line until recent years. But think of fifty two cars of cider, weighing 1,890,000 pounds and nineteen solid cars of evaporated apples. Twenty one cars of potatoes and vegetables and two car loads of pears also originated over there.

This was all freight business and there should be added 176,275 pounds of apples shipped by express, 67,935 pounds of peaches and thousands of pounds of the canned products, too. In storage along the line, that is in the Gettysburg and Biglerville districts there are now over 4,440,000 pounds of apples and almost 2,000,000 pounds of canned goods to say nothing of some 75,000 pounds of dried apples.

It might just be added that the Reading is also one of the greatest haulers of potatoes as well as of apples and other fruit as may be seen from the mere statement that last year over 1,000,000 bushels originated in Berks county, while Lehigh, the banner potato raising county furnished for this railroad alone potatoes to be hauled aggregating over a quarter of a million bushels more. And all this business was done, too, in the face of the increasing employment of the truck to handle farm produce on trips of from 100 to 200 miles.

FRUIT CROP DAMAGED

Florida Reports Severe Losses From Low Temperature.

(By Associated Press)

Miami, Fla., March 2—Damage estimated at over $5,000,000 was done to fruit and vegetables in South Florida by the extremely low temperature of last night. Vegetable fields north of Miami were practically wiped out while early reports show the damage in the south to be about 75 per cent. Temperatures last night were the lowest ever officially recorded here for March at thirty four degrees.

LEGION LEADER PRESENTS CASE

Franklin D'Olier Outlines Demands Before The House Committee.

RELIEF FOR SERVICE MEN

Must Help Overcome Present Financial Disadvantages. Three Features in His Demand.

(By Associated Press)

Washington, March 2—Taking up for the first time the whole question of soldier's relief legislation the House Ways and Means committee got into a row today over the proceedure and broke up in some confusion after the members had repeated charges made in House that the measure had been sent to committee for burial.

After many heated exchanges between members the committee orders were to clear the room of the crowd of spectators and then in an executive session they finally agreed to continue the hearing.

Before the sudden termination of the session Franklin D'Olier, national commander, outlined some of the measures sought by the American Legion.

Washington, March 2—Franklin D'Olier, national commander of the American Legion, outling to the House Ways and Means committee today the organization demands for soldier's relief legislation declared it wanted no bonus but assistance for former service men in overcoming present "financial disadvantages."

All the Legion asked, he told the committee, is as liberal treatment as is consistent with the welfare of the whole country.

Recommendations for legislation were presented as follows:

"Land settlement covering farms in all states.

"Aid to encourage the purchase of homes.

"Vocational training and adjustment of compensation based on length of service of those not desiring to avail themselves of the other three features."

STOCK REPORT

Steel Case Opinion Has no Favorable Effect on Market.

(By Associated Press)

New York, March 2—Traders were plainly disappointed at the failure of the stock market to make further favorable responses this morning to the decision in United States steel case. The short interests used this as a lever with which to renew their recent pressure against high priced speculative shares especially leathers, textiles and related issues. Rails made moderate improvement however, and food issues also hardened despite another cut in refined sugar.

Foreign exchange was firm notably the London rate and call money opened at yesterday's ruling of ten per cent. Liberty 3½ per cent bonds rallied almost one per cent but Victory notes were at a new low record.

HAVE RIGHT TO ORGANIZE

One of Provisions In Settlement of French Rail Strike.

(By Associated Press)

Paris, March 2—The strike of railroad men throughout France was settled last night by the following provisions:

The right for men to organize will be respected throughout the railroad system of France.

The railroad men accept arbitration on points not as yet settled and an immediate study of future rules of railroads will be begun. The company will not pay wages to the time lost during strike but disciplinary penalties for nonresumption after the men had been summoned will be cancelled.

Directors of companies will revise other penalties in the spirit of justice.

THERE will be sold at Hollinger's sale, March 9th, one mile north of Gettysburg, three Holstein heifers from a registered sire. Also a Holstein bull calf five weeks old, extra large and fine.—advertisement 1

FOR SALE: building lot on South Washington street, opposite hospital. Large enough for three houses. Apply John C. Shealer.—advertisement 1

RAIL STRIKE IN FRANCE AT END

Employes And Directors Come to an Understanding Monday Night.

LABOR AGITATORS CAUGHT

Premier Millerand Dictated Terms Which Were Accepted by Directors and Federation. Unionists Defeated.

Paris, March 2—The strike on the French railroads ended last night. An understanding was reached between the directors of the railways and the railroad men, and the National Federation immediately ordered the resumption of work.

Delegates of the Railroad Federation met the directors of the railways on the initiative of the federation, and an agreement was reached without trouble on most points of the federation's program, which really was not in dispute. Difficulty arose, however, over the question of penalties to be imposed on the strikers. Finally both parties decided to appeal to Premier Millerand.

The Premier's proposal, namely, no pay for the days of the strike, no punishment for refusing the formal request to resume work, and a review by each director in a spirit of justice of all other punishments, proved to be acceptable to all concerned.

The executive committee of the General Federation of Labor issued a statement last night to the effect that the Federation of Railroad men had advised the committee that it had obtained satisfaction for all its claims. The committee, which had already taken steps to co-operate with railroaders, the statement added, took note to the situation thus arising.

Story of the Strike

Orders for a general strike of the railroad men of France were issued last Saturday by the National Federation of Railroad men. The walkout was called in sympathy with the strike of the men of the Paris, Lyons and Mediterranean Railroad Company because of the discharge of one of its workmen, named Campanaur, for having absented himself from duty to attend a union meeting. Almost immediately after the declaration of the general strike the government combatted the movement by ordering a mobilization for military duty of all railroad men, which seemed to damp the ardor of the employes to leave their posts.

At no time has there been a complete paralysis of the railroad lines of the country, although considerable interruption of traffic occurred on the Paris, Lyons and Mediterranean and several other lines.

Agitators Arrested

The government Monday caused the arrest of several of the strike leaders, and this appears to have caused considerable irritation among the more extreme elements, who regard the government's act as a challenge and are demanding that the federation should reply by a general strike order.

The men arrested were five militant syndicalists, who, together with another leader for whom a warrant has been issued, were members of the Council of the Union of Parisian railroad syndicalists, which became the executive body of the strikers when the dispute between the men and the management of the Paris-Lyons-Mediterranean road became acute. The Federal Council of the railroad men has issued a note protesting against the arrests but strongly advising the workers to remain calm.

ENGINEERS CONFER

First of State Schools Has Opened in Harrisburg.

The first of the State government "schools" for departmental field forces began Monday when the engineers and other men in charge of the State Highway Department's activities met for the opening day of a two weeks' conference on road matters. Today the field force of the Department of Health began a four-day conference. The meetings are scheduled to be held in the caucus rooms at the Capitol.

The highway officials were addressed by Commissioner L. S. Sadler, Assistant Commissioner G. H. Biles, Chief Engineer W. D. Uhler and chiefs of bureaus on the general plans, and at the afternoon session discussed drainage problems, P. M. Tebbs being in charge.

WE desire to contradict a statement that is being circulated to the effect that we quit working for the Hennig Bakery without giving due notice. The facts in the case are that we asked for a raise in wages and without giving us due notice Mr. Hennig discharged us. Butt and Moore.—advertisement

SUFFS LOSE OUT IN WEST VIRGINIA

Tie Vote Cast on Amendment. Opponents Are Jubilant. Leader Changes Vote.

Charleston, W. Va., March 2—On the initial vote Monday in the West Virginia legislature on the ratification of the Anthony Suffrage Amendment the official tally stood 15 against ratification and 13 for, after Senator Harmer, the suffrage leader, had changed his vote and broken a deadlock at 14 for and against. The Senator from Harrison county made his change to enable a reconsideration of the resolution later, and the Senate adjourned until today when the reconsideration is expected to come up.

The deadlock that had been predicted occurred. There were two doubtful votes—those of Senator Floyd Chapman, of Huntington, and Senator G. K. Kump, of Romney. Senator Chapman voted no and Senator Kump, who stated that he personally favored suffrage, voted in the affirmative in support of Governor John J. Cornwell, who, he said, was the Demorcratic party leader in the state and had asked for ratification.

Suffs Fought Hard

Preceding the vote, in which the anti-amendment workers won out, numerous petitions from women's clubs, Woman's Christian Temperance Unions and woman's civic clubs were read into the records. Clarksburg, Harrison county, was the battleground, charges and counter-charges being made by the women of that city relative to their views upon the issue.

No action was taken on the resolution in the House, efforts to bring it up was ruled out on points of order. However, a suffrage leader admitted that her cause would not win in that body.

In changing his vote on the question, Senator Harmer declared that members by their vote were driving the nails into their own political coffin. Senator Kump, in his address explaining his vote said that while his district had turned in a majority against suffrage in 1916 yet the governor had asked his friends to vote for the amendment and he was doing so.

AIRMEN IMMUNE FROM FLU

Due, it is Thought, to Pure Air in High Altitudes They Invade.

Washington, D. C., March 2—Reports reaching the director of the air service indicate that flying officers of the army are virtually immune from influenza.

During the past ten weeks 15 cases of influenza were reported at the hospital at Richfield, and not one of them was among the flying personnel. When the influenza epidemic was raging at Richfield in 1918, claiming many victims, it is recalled by officers that no pilots or flying cadets contracted the disease.

In the opinion of officials here the fact that the flying personnel usually escapes influenza is due to the purity of the air in high altitudes.

STEAMER ON ROCKS

Many Passengers Taken Off Bohemian. Tugs Stand By.

Halifax, N. S., March 2—Sixty four passengers on the steamer Bohemian, which struck on the rocks of Sambro ledges, off Halifax harbor, in a blinding snowstorm early Monday, were taken off by tugs and brought to this port. The steamer, bound for Liverpool from Boston, is in a precarious condition with a number of tugs standing by to render assistance when needed. The 120 members of the crew are believed to be on board.

STOCK OVER SUBSCRIBED

Investors Anxious to Hold Stock in New Trust Company.

Capital stock in the new Lincoln Trust company which was formally organized with a capital stock of $150,000 has been over subscribed by nearly $10,000. The company first thought of capitalizing at $125,000 but the demand for stock at that time was so great it was increased to $25,000. It is possible another increase may be made to accommodate the investors.

CHARGE IMMORALITY

Full Investigation Ordered Against Navy Vice Squad.

(By Associated Press)

Washington, March 2—A full investigation of the charges of gross immorality and indecent practices in the activity of a naval intelligence vice squad at naval base at Newport, Rhode Island, was ordered today by Senate Naval committee.

PALMER STARTS HIS 1920 FIGHT

Attorney General Announces Candidacy For President in Atlanta, Georgia.

OPENING GUN IS FIRED

He is First Cabinet Officer to Throw Hat in the Ring. Indicates Wilson's Plans. Hoover Not Considered.

Atlanta, Ga., March 2—Attorney General Palmer last night formally announced his candidacy for the Democratic nomination for president in a telegram to Hiram L. Gardner, secretary of the Georgia State Democratic Committee.

Referring to the petition filed in his behalf for the Georgia primaries, Mr. Palmer declared that "if the Democrats of Georgia see fit to select me as their choice I shall receive the honor with deep appreciation," holding it to be highly important that an opportunity be given in the primary "to directly pass upon the record made by the present administration."

The telegram from Mr. Palmer read as follows:

"I understand that my friends have entered my name in the presidential primaries. If the Democrats of the State of Georgia see fit to select me as their choice I shall receive the honor with deep appreciation. I deem it highly important the Democrats of Georgia should have the opportunity to directly pass upon the record made by the present administration. The candidacy of one who supports that record in every phase presents that opportunity."

Attorney General Palmer is the first Democrat to place his candidacy for the Democratic nomination before the voters of Georgia, and it was reported here last night he would soon come to the state to make a personal canvass for votes.

The preferential primary, at which Democrats of the state will express their choice for party leader, will be held April 20, and to date the names of five other men in addition to Mr. Palmer have been offered in petitions signed by the required 100 voters. They are Champ Clark, Governor Edwards, of New Jersey; Herbert Hoover, Robert Lansing, former secretary of state, and William G. McAdoo, a native Georgian and former secretary of the treasury.

By a ruling of the state Democratic executive committee that only names of avowed Democrats could be entered, Herbert Hoover's name has not been considered by the comittee, although his supporters here still are seeking to have it entered in the primary.

SOUTH A COMPETITOR

Argentina And Canada Both After Dairy Industry.

Washington, March 2—Canada and Argentina may soon prove serious competitors of the United States in the dairy industry, Government officials believe. The industry in both countries is in its infancy yet Canada is producing 70 per cent as much cheese and 12 per cent as much butter as the United States, while Argentina is producing 18 per cent as much cheese and seven per cent as much butter. Canada's butter exports were 41 per cent as large as those of the United States while her cheese exports greatly exceeded exports from the United States. Argentina's butter exports were double those of the United States and her cheese exports equalled 32 per cent of those of the United States.

It is generally believed, government officials say, that Argentina and Canada are capable of extensive development of their industries and it is probable, therefore, that the United States may experience in the future particularly energetic competition. Argentina, 21 days distant from New York, they say, may not be thought of seriously at this time as a direct competitor in the domestic market, but indirectly Argentina butter may supplant Canadian butter in the English market, in which case Canadian butter would find a logical outlet in the United States.

EX-GOVERNOR DEAD

William A. Stone Dies As Result of Physical Breakdown.

Philadelphia, March 2—William A. Stone, former governor of Pennsylvania, died at his home here late Monday.

Since 1915 Mr. Stone had been prothonotary of the State Supreme and Superior courts. He was in his seventy-fifth year.

Mr. Stone had been ailing for the last four months and rarely left his home during that period. He had suffered a physical breakdown due largely to his age. Late Monday he became worse.

I will sell at Albert Crone's sale, March 8th, five hundred bushels ear corn. C. K. Hartzell.—advertisement X

SALE OF 2.5 BEER HELD TO BE LEGAL

Wisconsin Court Hands Down Decision in Test Case on Dry Act.

Milwaukee, Wis., March 2—Manufacture and sale of 2.5 beer in Wisconsin was legalized in a decision handed down Monday by Federal Judge Geiger, in the test case brought by the Manitowoc Products Company for an injunction to halt enforcement of the Volstead act.

By his decision, Judge Geiger upheld the Mulberger law thus assuming that state prohibition laws take precedence over federal regulation.

The decision resulted from the filing of an injunction suit by the Manitowoc Products Company, a consolidation of three breweries at Manitowoc, to restrain enforcement of prohibition legislation in so far as it interferes with the manufacture of beer containing 2½ per cent alcohol.

The court held Section 1, Title 2 of the Volstead act unconstitutional. The court also held that inasmuch as the constitutional amendment prohibited only intoxicating liquors, neither Congress nor the state legislature has power to define the word intoxicating liquor so as to include beverages non-intoxicating in fact. The Manitowoc Company claimed that 2½ per cent beer was non-intoxicating, and is allowed under the Mulberger act, passed by the Wisconsin legislature. The court held that the law does not prohibit the state from fixing a standard under its police power. This is the first court adjudication on the question in the United States.

The Wisconsin Antisaloon League is making plans to aid in a fight against the decision in the Supreme Court and is preparing to file briefs as friends of the court, according to R. Hutton, head of the dry forces in Wisconsin.

The Mulberger Act must still run the gauntlet of the popular referendum at the November election.

APPEAL TO COMMISSION

Many Companies Appeal to Commission Against Competing Firms.

Gettysburg is not the only complainant that is contemplating filing a complaint with the State Public Service Commission concerning electric lighting rates for the charters of nearly a hundred electric companies have been held up in the offices of the State Public Service Commission by protests filed by competing companies and it is probable that their hearings will be fixed in March so that the differences may be threshed out.

NO PROTESTS

From Cigarmakers On New Ruling By Board.

No protests have been made against the proposed rule of the State Industrial Board to require all cigarmakers to stop licking cigars when manufacturing them and the new regulation may be put into effect this spring. The board is to hold hearings on this rule and one relative to needle stitching machines at Pittsburgh on March 2, Scranton, March 3 and Philadelphia, March 4.

NO MORE FREE SEEDS

Appropriation Eliminated From The Agriculture Bill.

(By Associated Press)

Washington, March 2—Acting on the recommendation of the new secretary of agriculture, the Senate Agriculture committee today voted to eliminate from the annual agriculture bill the $240,000 voted by the House to continue the time hallowed custom of distributing free seeds to their constituents by members of Congress.

FIRE DESTROYS BUNGALOW

Iron Springs House Burns. Origin of Fire Unknown.

Fire of an unknown origin this morning at 10:30 o'clock completely destroyed the bungalow at the Standard Stone Products company at Iron Springs. Barney Howard superintendent of the plant at Iron Springs was living in the house but was at the mill when the fire started. The loss is estimated at $2,000. An attempt was made by people living nearby to fight the flames but the fire had gained such headway before it was discovered that their attempts were futile.

DROP IN BEEF HITS FARMER

York Countians Expect Heavy Loss on Winter Stock.

York, Pa., March 2—The drop in the price of beef on the hoof is causing a loss of many thousands of dollars to York county farmers. During the present winter more steers were fed by local agriculturalists than ever before. These farmers say that they will now lose every grain of corn they fed them and also cost of labor in caring for the animals.

I've heard old cunning stagers
Say fools for arguments use wagers.
—Butler.

PERSONAL NOTES AND BRIEF ITEMS

News Notes From Around Town and Throughout the County.

MANY DAILY VISITORS

Mention of Guests From Nearby Towns. Short Paragraphs of General Interest.

William R. Martin, Carlisle street, has left for a three weeks business trip through West Virginia, Maryland and Western Pennsylvania.

Charles S. Duncan has returned from a short visit with Rev. and Mrs. Harry Beidelman at Frostburg, Maryland.

Miss Anna Doersom has returned to Gettysburg, after a visit with friends and relatives in York.

Cornelius Boyle, who has been visiting at the home of Mr. and Mrs. William King and family, on East Middle street, has returned to his home in McAdoo.

Miss Mary Ramer and Miss Carrie Codori have returned to their homes here, after a visit at the home of Mr. and Mrs. Harry F. Breighner, at Blue Ridge.

Mrs. Otis Morse has returned to York after a visit at the home of her mother, Mrs. W. C. Sheely, on Springs avenue.

F. V. Smarsh, deputy revenue collector, is in Littlestown today.

H. C. Demming, court stenographer, who spent the past several days in town, has returned to Harrisburg.

Mrs. John Bardaxe, of Chambersburg street, left this morning to spend some time with relatives in Columbia.

Rev. F. E. Taylor, of East High street, is in York today in the interest of the Armenian Relief drive.

Mrs. R. E. Peterman has returned to New York after spending some time at the home of her parents, Mr. and Mrs. Harvey Adams, on Seminary Ridge.

INVESTIGATE ANTISALOON

Superintendent Says League Will Welcome Inquiry.

Albany, N. Y., March 2—The Assembly late last night adopted a resolution by Assemblyman Louis A. Cuveillier, Democrat, New York, which provides for an investigation by Judiciary Committee of the Antisaloon League. The vote was 61 to 52.

William H. Anderson, state superintendent of the Antisaloon League, has said since talk of a legislative investigation was first heard that the league welcomed it and would cooperate in every way.

Assemblyman Cuveillier, reading from "certified copies of the Secretary of State," called attention of the House to the fact that "Robert G. Davey and Adelia Potter, legislative agents of the Antisaloon League, although filing consents as such, had failed in 1918 and 1919 to file their expenses, as required by law."

NO RAIL STRIKE NOW

Report That Union Vote To Give New Law a Trial.

(By Associated Press)

Washington, March 2—Representatives of the railroad unions are understood to have voted today to give the new railroad law a trial in bringing about a settlement of their wage demands.

It is understood that they decided to hold in obeyance plans to test the constitutionality of the law and not to refer the controversy to the union membership for a vote "until the law has been given a fair trial."

This means, it is said, all danger of a general strike at this time has been removed. One of the union officials said "We are all good Americans and desire to go along with the President as far as we can."

LAFEAN REFUSED

Court Will Not Give Him Bill of Particulars.

Daniel F. Lafean, of York, former state banking commissioner, under indictment on a charge of misdemeanor in office in failing to close the North Penn bank of Philadelphia, when, it is alleged, he knew it was insolvent, was refused a bill of particulars Monday by the court of quarter sessions. Similar requests made by other defendants in the North Penn case are still pending.

ENFORCE BLUE LAWS

Hagerstown People Unable to Buy Smokes or Soda.

Hagerstown, Md., March 2—There was a more rigid enforcement of the antiquated blue laws in Hagerstown and all over Washington county Sunday than last Sunday, when people had to forego smokes, soft drinks and some other things. As a result of the action of the Hagerstown Automobile Trade Association, every garage in the city was closed through fear of the law, and a committee was sent out by the association over the county to see that garages were closed or to report them to State's Attorney Wolfinger. The lid was down so tight that efforts were made to prevent the sale of newspapers and also to close the shoeshine places.

CUPID AS CAVE MAN

Cook Dodges Compulsory Matrimony by Getting Himself Arrested.

Chicago, March 2—Claiming he had been forced to the altar with a revolver held at his head, Jacob S. Cook, aged 33, shouted to the police to arrest him when he appeared at the Marriage License Bureau Monday with Minnie Bleistein, aged 22, and her father, Charles Bleistein, president of the International Lumber Dealers' Association.

Cook, who is an investigator of the Illinois Industrial Board, and the wedding party were taken to a police station. Bleistein said he had demanded that Cook marry his daughter because he had taken her on a trip to his summer home at St. Joseph, Mich., last summer. Cook was held.

MUMMASBURG

Mummasburg—James Reigle, of Stone Jug, spent the week-end at the home of George Reigle and family. He was accompanied home by his sister, Ruth, who was spending some time at the same place.

Those who were recent visitors at the home of Maria Crum and Elizabeth Weaver were James Wisler, of Altoona; Mrs. Howard Diehl, Mrs. D. B. Wineman and daughter, Rebecca.

Mrs. Gilbert Bucher was a recent visitor at the home of Elizabeth Brenneman and Mrs. Florence Wilson.

Mr. and Mrs. Clyde Wilson made a business trip to York on Friday.

Miss Annie Longanecker visited recently with her aunt, Elizabeth Brenneman and also with Mrs. Minnie Hartman.

Mrs. Sadie Fleck is spending some time at the home of Harry Livelsperger and family.

The offering taken at the Union Sunday School on last Sunday was contributed toward the Armenian Relief fund, and amounted to $14.00.

On next Sunday there will be Sunday School at the Mennonite church at 9:30; preaching, 10:30. Sunday School at the Union church at 2:00 p. m.

Those who were Sunday visitors at the home of Mr. and Mrs. D. B. Wineman were Mr. and Mrs. B. F. Lightner, of Gettysburg; Mrs. Philip Shue and daughter, Anna Mary, of Baltimore; Mrs. Curtis Kint and Mrs. Arlington Zwalley.

The receipts for the box social, which was held in this place on last Friday evening for the benefit of the Annie M. Warner hospital, amounted to $40. The prize for the best cake was won by Miss Mae Longanecker.

Mr. and Mrs. Quay Nary and two children, of Fairfield, spent Sunday at the home of Mr. and Mrs. William Allison.

BIG REDUCTION IN RANK

Permanent Officers in Regular Army To Be Set Back.

Washington, March 2—Drastic reduction of permanent officers of the army from their temporary ranks to regular army grades, effective March 15, has been ordered by General March, chief of staff. Of approximately 3,000 officers now holding temporary rank higher than their permanent appointments, about 2,000 probably will be returned to their regular status.

Field officers will be affected. The number of officers holding general rank are now within the allowance, and there will be no cut in the grades of those below the rank of major.

Final lists for demotion have not yet been compiled. The bulk of demotions is expected to come from the bureaus in Washington, as there are but few surplus officers of temporary rank on duty with troops. Recommendations of bureau chiefs have not been uniform but range from fifty to seventy five per cent.

Under the commonly-termed 18,000 officers law, which authorized that number of officers as the temporary maximum, all emergency officers must be discharged by July 1 unless additional legislation is enacted.

SURVEYING TIMBER

State Forestry Department Is Now At Work.

Surveyors of the State Department of Forestry are at work running lines to ascertain location of a number of the plots which have been offered to the State the last few months. It is probable that purchase of several tracts adjacent to existing State reserves will be authorized by the State Forest Commission on Friday when the March meeting will be held. In case of others, options will be taken and the next Legislature asked to make appropriations for extensive acquisitions.

BIRTHDAY CELEBRATED

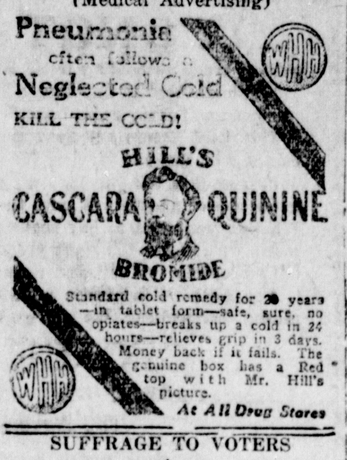
Pleasant Day Spent at the Home of William Fissel.

A very pleasant day was spent at the home of Mr. and Mrs. William Fissel recently to celebrate the sixty-eight birthday of Mrs. Fissel. Those present were Rev. Mr. March and son, Daniel, of Taneytown; Mr. and Mrs. Frank Currens and son, Donald, Mr. and Mrs. Geary Bowers and children, Viola, Mary, and Donald, Mrs. Oliver Luckenbaugh, of Greenmount; Mr. and Mrs. Dilly Mort and son, Harry, William, Claude, and Walter Fissel.

RETAIN UNION OFFICES

Philadelphia, March 2—The consolidated ticket offices in the larger cities, established during the war by the Pennsylvania and other railroads, will be continued permanently. Announcement to this effect was made Monday by George D. Dixon, vice-president of the Pennsylvania.

(Medical Advertising)



SUFFRAGE TO VOTERS

Vermont Government Would Hold Election First.

Rutland, Vt., March 2—Governor Clement announced Sunday night that he would not call a special session of the Legislature to consider ratifying the Federal woman suffrage amendment, as recently requested in a resolution adopted by the Republican state committee. He made known his decision through a letter to Col. J. E. Piddock, chairman of the committee, which he made public here.

The resolution adopted by the committee, Governor Clements said in his letter, appeared "to be good political propaganda; and, if so, will adequately serve the present purpose." He added that the proposed Federal amendment would radically affect the state constitution, and for that reason he preferred to have the voters register their opinion by a referendum before calling upon the Legislature to act in the matter.

COW BRINGS $3,850

Farm Sale Nets Over $18,000 In Single Day.

Bloomsburg, Pa., March 2—All records for public sales in this section of the State were broken Saturday with the close of the third day of the sale of Dr. M. J. Hess and C. K. MacDonald on the Walapala Farm in Frosty Valley.

The sale netted a total of $20,265.73 of which $18,094.50 was taken in Saturday, when the livestock was sold. The cow bringing the record price was Dimple Queen, which stands fifth in the world and which had until May to complete here test. She brought $3,850.

The champion cow in the State, in class F. brought $1,600, while the bull that heads the herd went for $1,000.

TWO ELECTROCUTED

Bellefonte, Pa., March 2—Bosea Draskovitch and Lazurus Bollin, both of Lawrence county, were Monday electrocuted, at the Rockview penitentiary.

Draskovitch was one of a band of four men who held up Paymaster A. D. Farrell, of the Johnson Limestone Company, near Hillsville two years ago and after wounding and killing Louis Sacco got away with $17,500. One of the holdup men was killed at the time, one was sent to the penitentiary for 28 years, Draskovitch has now been electrocuted and the fourth man is also under sentence of death.

Bollin killed William Cassler, a Wampum, Pa., merchant, after robbing his store. Both bodies will be buried in the penitentiary cemetery.

SALE REPORT

The total amount of the sale of C. A. and George Spangler, which was held in Highland township, on Saturday, was $1795. The best cow brought $110.50; pair of mules, $530; brood sow, $50.50; shoats, $12 to $18; corn, 89 cents; oats, 91 cents; rye, $1.55; turkeys, 40 cents per pound. McDermitt was the auctioneer and Spangler clerk. About 100 people attended the sale.

RHEUMATISM

Physician Believes a Real Remedy for the Disease Has Been Found.

Rheuma, the wonderful rheumatism remedy sold by druggists everywhere, gives quicker and more lasting relief than other remedies costing many times as much.

Rheuma helps pass the deadly poisonous secretions into the bowels and kidneys, from which they are quickly thrown off in a natural, healthy way.

Read what a reputabie physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma, and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."—Dr. M. C. Lyons.

This should give any sufferer from rheumatism confidence to try Rheuma. People's Drug Store will supply you and guarantee money refunded if Rheuma does not give complete and lasting relief.

SPORTING COLUMN

SHERMAN WITH COLUMBUS

Will Leave For Training Camp this Week.

Paul Sherman, of Hanover, a member of the pitching staff of the Columbus, Ohio, American Association, will leave on Saturday for Albany Georgia, where his team will go into spring training March 8th for the coming season, which opens April 14th.

This will be the third season for "Cooney" with the Columbus team. He was a member of the Hanover Blue Ridge League team before going to Columbus.

DOBIE CORNELL COACH

Successful Annapolis Gridiron Mentor Will Work in Ithaca.

Ithaca, N. Y., March 2—Official announcement that Gilmour Dobie, former coach of the Navy football team, has signed a three-year contract with Cornell was made Monday. Dobie, who coached the University of Washington eleven before going to Annapolis, will succeed J. N. (Speedy) Rush.

Dobie will supervise the gridiron sport throughout the year. He will arrive here about April 1 and will call out the football candidates immediately, in order to lay a foundation for the fall campaign.

Yale Starts Football Practice

New Haven, March 2—Rudimentary football practice begins at Yale Monday, the earliest date for this sport in the records of the college. The squad of 80 or more will work in the gymnasium under Captain Callahan and Trainer John Mack and boxing will be part of the daily grind. Men will drop out to go into spring sports. When a field is available punting and dropkicking will be practiced. The fall practice is to begin September 10.

Dartmouth After Indoor Title

New York, March 2—The Dartmouth track team, which defeated Harvard and Cornell in the triangular meet at Boston last Saturday, will compete in the national indoor championship meet here on March 13, if faculty permission can be obtained, Frederick W. Rubien, chairman of the A. A. U. championship committee, was notified Monday by Coach Harry Hillman that he had decided to enter the team, if permitted.

A New Broom Sweeps Clean, A Vacuum Cleaner Does Better. BUT

THE HOOVER

Electric Suction Sweeper

IT BEATS—
As It Sweeps
As It Cleans

The Hoover electrically vacuum cleans, of course. But also it sweeps. And also it beats.

Usage proves this: Air suction alone cleans good. Air suction and sweeping clean better. But air suction and sweeping and beating clean best.

Only in The Hoover are three such carpet-cleaning processes performed at once. So, only The Hoover beats out buried grit, while it sweeps up clinging dirt and suctions off surface litter—dustlessly, indoors, easily.

Have a Hoover and clean thoroughly—by electricity—without exertion. For The Hoover uses its muscles—not yours—when you just run your Hoover over.

Insist on a Hoover. For only The Hoover beats—as it sweeps, as it cleans.

IT'S NOT SO MUCH

getting trade as holding trade that counts.

You know that in any line, a business house will surely fail if its patrons "never come back."

This Real Estate and Insurance agency depends on you, and others who use our service, for its existence.

Patrons will tell you that we give honest, courteous and energetic service and that it pays them to stick to us. So it will you. Whether you want to buy real estate for home, business or investment, we can get the right property at the right price. If you have property, we can find tenants or buyers for it.

Any form of insurance anywhere, written on short notice in strong companies. We can save you money.

GEORGE C. FISSEL

Masonic Building, Gettysburg, Pa.
The Agency of Service

ANNOUCEMENT

Run Down Nervous Mothers

Gain Strength Rapidly on Vinol

In her zeal to do all in her power for her loved ones, most mothers overwork and soon get in a nervous, run-down condition. Vinol, the non-secret cod liver and iron tonic, is exactly what she needs to build her up, make her strong and quiet her nerves.

Please be Convinced by this Positive Proof

Dukedom, Tenn. — "Iwas in a very nervous, run-down condition. I had no appetite and was so weak it seemed almost impossible to keep around and do the housework for my family. A friend told me about Vinol, and I could see an improvement after taking only one bottle, it built me up so rapidly." — MRS. H. H. GOODWIN.

Dedham, Mass. — "I used Vinol for a run-down, weak, nervous condition. I was so weak at times I did not have the strength to do my housework, and could hardly keep around. My druggist recommended Vinol and after taking it for about one month it built me up so I felt stronger and better in every way." — MRS. HARVEY M. HARDISON.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails—

Vinol OUR COD LIVER AND IRON TONIC IS THE GREATEST STRENGTH CREATOR KNOWN

People's Drug Store and druggists everywhere.

6

Advantages in a Jewelled PATHE

1 **The Full Clear Tone**
of each individually toned instrument is produced by the pure tone chamber and the famous Pathe Sapphire Ball. The music flows from the record; isn't scratched off.

2 **No Needles to Change,**
on a jewelled Pathe. The Sapphire Ball never wears out.

3 **Plays All Makes of Records,**
and plays them better.

4 **Records Do Not Wear Out.**
Every Pathe record is guaranteed to play 1,000 times.

5 **Always Ready to Play**
as soon as you slip on a record.

6 **The Pathe Controlla**
enables you to play any record loudly or softly with the same Sapphire Ball.

And in addition the Pathe has all the features of other talking machines

Yet the Pathe costs no more than an ordinary phonograph.

Cash or Credit

PATHE MUSIC STORE

WATER COMPANY MAKES BIG RAISE

(Continued from First Page.)

addition to all other charges and expense when the company turns water on after it has been turned off because the customer has violated the rules.

Among the specific increases are, for domestic purposes, first hydrant or opening for each house or for each family from $6 to $8; for each washstand in bath room from free to $1. For first hydrant or opening for each commercial establishment not specifically rated the raise is from $3 to $8. The meter rates are increased from 15 cents to 17 cents per thousand gallons where less than 10,000 gallons are used and from 12 to 14 cents where more than that amount is used.

The Borough has not escaped in the raise for the rate on the municipal hydrants has increased approximately from $8 to $25 a year per hydrant.

Keeping pace with the water company the Cumberland Telephone company says "due to the continued increase in the cost of material and operating expenses we find it necessary to make an increase in our telephone rental rates effective April 1. This increase will vary according to the class of service, but in no case will such increase exceed twenty five per cent of the present rates.

"It is with greatest reluctance that we are making this increase which was withheld until this time, with the hope that the operating expenses could not be done, we are obliged to take this step in order to protect the interests of our company and continue to furnish efficient telephone service."

HE CLAIMS GIRL PROPOSED

Defendant in Heart Balm Suit Alleged to Have Popped Question.

New York, March 2—Asserting she proposed to him David Rogeoff, of 95 Avon avenue, Monday replied to the suit instituted by Miss Fannie Harris, of 306 West Fourteenth street, in which she asks for $20,000 damages for alleged breach of promise.

Miss Harris charges in her complaint Rogeoff was "100 per cent in love making" until his love cooled. Rogeoff replies he knows nothing of love and that it was Miss Harris who insisted on marriage while he maintained he could not marry her.

The case is being tried in the Essex County Circuit Court.

(Medical Advertising)

The Fiftieth Anniversary

Just fifty years ago this winter Dr. Pierce gave to the world his famous "Favorite Prescription" for the distressing weaknesses and complaints of women. For many years he had been in the active practice of medicine and his specialty was the diseases of women. Later he desired to give this to the public, and he received a trade-mark protection from the United States patent office for this medicine which is an herbal, "temperance" prescription with all the ingredients printed on the bottle wrapper. In his every day practice in the early days he also used a tonic and alterative for the blood, which was so universally beneficial that he determined to place this medicine in the drug stores of the United States, where it could be readily procured by the public. This he called his "Golden Medical Discovery," which he had prescribed many years for the stomach, liver and blood. Both these medicines met with instant success, and during the past half century have sold in greater quantities than any other proprietary medicines. Neither of Dr. Pierce's medicines contains alcohol and both are herbal extracts of native medicinal plants. For the past fifty years forty-eight million bottles have been used by the American public, and they are today the standard tonics for men and women. They are now put up in tablet as well as liquid form, and sold by every druggist in the land. A trial package can be obtained by sending 10 cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. Write Dr. Pierce's if you want free confidential medical advice, or a free booklet on any chronic disease.

THREE IN FAMILY DIE IN TEN DAYS

(Continued from First Page)

Moody, Dillsburg.

MISS HATTIE C. DALHAMER

Miss Hattie Dalhamer, daughter of Mr. and Mrs. Joseph R. Dalhamer, died on Sunday afternoon at 4:45 o'clock at her home in Latimore township, from influenza and pneumonia, after an illness of about one week. She was aged 26 years, 4 months, and 17 days.

She was well known and active in all interests of the community and had a host of friends who mourn her loss.

She is survived by her mother, one brother and three sisters.

Double funeral services Wednesday morning, meeting at the house at ten o'clock. Interment in Dillsburg.

MRS. JOHN PIFER

Mrs. Katherine Pifer, wife of John Pifer, a well known resident of Menallen township, died at the home of her daughter, Mrs. T. K. Rinehart, in Tyrone township, Monday evening at 4:15 o'clock, from a complication of diseases, aged 74 years, 11 months and 8 days.

Besides her husgand, she leaves the following sons and daughters: Jesse Pifer, of Ohio; Daniel Pifer, of York Springs; Harry Pifer, of Arizona; Mrs. Samuel Miller, of Aspers; Mrs. Joseph Davis, of York Springs; Mrs. T. K. Rinehart, of Tyrone township; Mrs. Jacob Sterm, of Allentown; John Pifer, of Hanover; Valentine Pifer and Lewis Pifer, of Detroit, Michigan; Benjamin Pifer, of Virginia; also forty six grandchildren; thirty three great grandchildren and one brother, John Cleaver, of Virginia.

Funeral Thursday morning, meeting at the house at 10:00 o'clock. Services and interment at Friends' Grove, Menallen township, Rev. Albert Hollinger, officiating.

JOSEPH REASER

Joseph Reaser, aged ninety years died Monday morning at 7 o'clock, in the home of his daughter, Mrs. George Myers, of York. Death was caused by gangrene with which he had been confined to his bed for about five weeks. He formerly lived in Dover and came to York only a short time ago. He leaves the following daughters and sons: Mrs. Frank Hoopes, Kralltown; John Reaser, Dayton, O.; Calvin Reaser, Ohio; Hamilton Reaser, a high school teacher in Louisiana; Frank Reaser, of Gettysburg; Mrs. Ollie Taughinbaugh, Gettysburg; Mrs. George Myers, York, and Mrs. Emma Markey, New York City.

Funeral Thursday morning from the home of his daughter at 9 o'clock, with further services in the Lutheran church at Dover.

TWINS DEAD

Clarence Edgar Shealer died Saturday, and Dorothy Alexenia Shealer, died Monday.

They are survived by their parents, Mr. and Mrs. Edgar Shealer, and one sister, Marion Jean Shealer.

Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

NR Tonight — Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous calomel and lashing your bowels with strong, irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnawing pains or doubling stomach ache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.

Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system,—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "copey," want-to-crawl-down-a[illegible] disappears, energy, "pep" and appetite return and you find yourself entirely, completely relieved.

There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day,—more than five million boxes sold every year.

If you've not already done so, get a 25c box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistant, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.

Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

The People's Drug Store Gettysburg, Pa.

Nature's Remedy NR-TABLETS-NR Better Than Pills For Liver Ills. Get a 25c Box

GET BUSY

I have buyers for good town property, and it will be worth your while, if you consider selling, to consult with me for the sale of your property. If it is properly located and worth the money, I can sell it.

I have a few places remaining on my list for sale that have recently been listed:

A 28 acre farm with running water, fruit of all kinds, including 80 apple trees, cherry, peach and plum, good farm land, buildings in fair condition and a good location. If you want this place, you will have to buy it before the 15th of March. The growing crops will go with the farm at $3800.00.

I have 36 acres of land within a mile of the Borough limits north of town. A mighty desirable place for a home and good productive soil. Can be bought for only $85.00 per acre.

Large brick house with available ground for other houses on either side. Large stable and other buildings, in Gettysburg. at a price at which you can realize 8 per cent net.

Large rick building 1½ blocks from Center Square with conveniences. Mighty desirable location for a dwelling, or will make a very desirable apartment house, giving a good return on the money invested.

Large brick house with all conveniences, in a first class location on a 150 foot front lot by 200 feet deep. If you want a place with ground, this place may appeal to you. The ground is very desirable for building sites.

I have several good tenants to place on April 1st. If you have a place to rent, let me know at once. It will cost you nothing.

The Battlefield Hotel can be bought at a price I believe the income will justify by turning it into apartments. The location is so well adapted for a good apartment house, and the building is erected in such a way that every apartment will be very desirable. A large part of the purchase price can remain in the property.

A good up-to-date store room for rent, possession April 1st. This room is centrally located and has every modern convenience.

If you are interested in any class of real estate, come in and let us talk it over. I may be able to get you just what you want.

George C. Fissel,
Masonic Building Gettysburg, Pa.

GREAT EXCITING CAUSE OF DISEASE

Weakness, Which Tanlac, the Premier Preparation, Overcomes.

"There is not a single portion of the body not benefited by the healthful work of Tanlac, which begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole body," said the Tanlac Man.

"Next, it enables the stomach to thoroughly digest its food, thereby permitting the assimilable products to be converted into blood, bone and muscle.

"It overcomes that great exciting cause of disease—weakness. It builds up the constitution weakened by disease and mental and physical overwork, quickens convalescence, and is an unfailing source of comfort to the aged and infirm.. By increasing all the powers of endurance, it enables those who take Tanlac to better encounter fatigue, exposure and overwork.

The genuine J. I. Gore Co. Tanlac is sold here by People's Drug Store and all leading druggists.

What Does a Visible Typewriter Have To Do With Viz-Spark?

A few years ago the visible typewriter came along and superseded the old "blind" type of writing machine. *It was a common sense improvement.*

Viz-Spark—the plug with the visible spark—*is likewise a common sense improvement—and for the same reason.*

Visibility in Viz-Spark happens to be merely incidental. It is, however, just as valuable as visibility in a typewriter. Once you become acquainted with its advantages you would no more use a "blind" spark plug than a "blind" typewriter.

VIZ-SPARK

"The Plug with the Double Jump Spark"

What Viz-Spark Does

The intensified firing spark insures complete combustion;—

Complete combustion reduces carbon deposit to a minimum—

Complete combustion eliminates the fouling of plugs—

Complete combustion prevents sticking of valves—

Complete combustion eliminates necessity of frequent valve grinding—

Complete combustion makes possible a lean gasoline mixture—

Complete combustion insures gasoline economy—

Complete combustion insures maximum power under all conditions

Intense firing spark makes cold weather starting easy.

SPECIAL NOTICE

All users of Viz-Spark please note that owing to the intensified spark it is usually necessary to readjust your carburetor when a set of Viz-Sparks is first installed. Viz-Sparks produce complete combustion, which means a lessened gasoline consumption. This saving of gasoline is very noticeable when a complete set of Viz-Sparks is used. So if you have what you think is trouble with Viz-Sparks, remember it is only the plug's way of telling you to reduce mixture.

Dealers, when selling plugs, please call attention to these instructions. They are printed on each carton.

What Viz-Spark Shows

A visible spark in the top of the plug shows the condition of the ignition and combustion system of the motor. The additional gap in the plug reduces the current taken from the battery to a minimum.

A small bluish white spark, when uniform on all plugs, indicates uniform compression and ignition on all cylinders.

A large yellowish spark on one or more plugs indicates loss of compression or excess of oil in corresponding cylinder.

A large red spark indicates that the plug is not firing.

No spark indicates an open circuit in the wiring or distributor.

You Can See the Spark Here

Price $1.50 Each

Dealers pretty generally can supply you with Viz-Sparks, but in case they cannot, mail orders will be filled. Write plainly number of Viz-Sparks wanted, size of plug, make and model of your car, and remit at the rate of $1.50 for each plug. In order to get the full and complete advantages these wonderful plugs will give you, we always recommend installation of a complete set rather than that of merely one or two plugs.

Dealers not selling Viz-Sparks will find it to their advantage to write at once for our unusual proposition

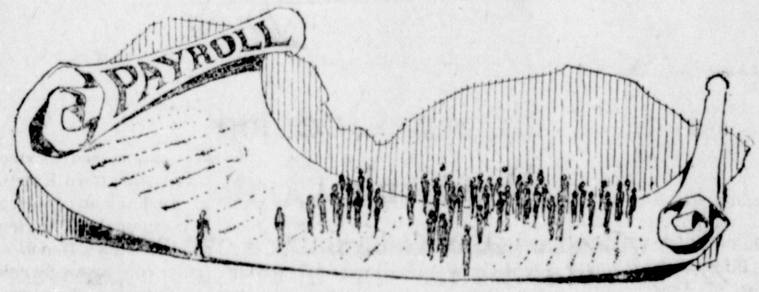
YORK, PA.



You are the Paymaster!

WE have something like 16,000 operators, linemen, installers, accountants and clerks on our pay roll.

Who pays them? *You* do! It's *your* money that goes into their pay envelopes.

How much goes in? Two things determine this: The amount their services are worth, and the amount you permit us to pay.

Good telephone service depends on no one class of these employees. In every department we're working full-steam to restore the old "before-the-war standards.

This can't be done with before-the-war wages. Our employees have to pay the same prices for food and clothes and coal and everything else that you do. Their earnings must keep pace with the rising costs, just as yours must.

To keep the service adequate and always improving, we must have revenues sufficient to keep our employees' wages in step with conditions around us and them. This we have so far done. The safeguarding of your service depends upon your willingness to pay proper wages to these workers—for when you pay your telephone bill, you're putting money in a pay envelope.

MU-COL REPLACES ALCOHOL

The high cost of Alcohol today makes its use practically prohibitive for general bathing purposes and to reduce the fever in severe illness.

MU-COL replaces Alcohol in the sick room at trifling cost, quickly reducing the temperature, and cooling the skin. It at once affords prompt relief from any soreness or discomfort as a result of being confined to bed and minimizes the danger of the patient contracting bed sores.

People who have been accustomed to the invigorating effect of an alcohol rub should try a MU-COL sponge bath. They will be delighted to find how completely it takes its place.

People's Drug Store or any first class Pharmacist can supply you. Remember the name, MU-COL.

KAISER DID NOT WANT TO FIGHT

At Least He Told Roosevelt That War With England Would be a Calamity.

New York, March 2—An intimate pen-picture of the former Emperor of Germany, drawn by Colonel Roosevelt in a letter to Sir George Otto Trevelyan in 1911, which shows him in the light of an "adorer," of England, appears in the March number of Scribner's Magazine, out today.

It is the concluding portion of Roosevelt's personal 25,000-word account of his travels in Egypt and Europe following his return from his memorable African hunting trip.

The former President wrote that William agreed with him during the course of a long interview at Potsdam, that war between England and Germany would be "an unspeakable calamity." The Colonel said that Prince Henry, of Prussia, of whom the then Kaiser was "rather jealous" was "a more really powerful and cold-blooded man" than the Emperor and that of the two he was the more hostile to England.

Referring to his visit to Berlin, following "delightful" receptions in Belgium, Holland, Denmark, Norway and Sweden, the Colonel wrote that the German authorities and people showed him every courtesy and civility but that, excepting the university folk "they really did not want to see me." America, he said, was very unpopular in Germany. The upper classes regarded democracy, he said, as "irregular, unnatural and debasing." The lower classes, on the other hand, were Socialists who regarded me as an enemy rather than a friend. The middle class looked upon me as a representative of an America which consisted of business rivals whose rivalry was irritating and obnoxious."

"What did they realize from the ice carnival?" "Plenty of cold cash."—Baltimore American.

Don't forget the date, Monday March 15, 1920.

Be Particular

That's the way to buy clothes. This store made it it's business to satisfy men and young men who regard high quality clothes as a sound and business asset.

A man is sure of himself when correctly dressed. We are sure of ourselves when we emphasize the high quality of these values we have ready for you.

Our business poli cy is to give unquestionable quality. That's the only safe way for you and for us.

O. H. LESTZ

The Home of Good Clothes.

Constipation

THERE IS NOTHING equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.
